# <u>Monex to Broaden Market Information Service with Beta Launch of "MONEX</u> <u>INSIGHT"</u>

## - New Service Employs Enhanced Visualizations of Market Data and Intuitive Operability

TOKYO, April 3, 2013 – Monex, Inc., a fully owned subsidiary of Monex Group, Inc., today announced that it will improve upon its market information service with the launch of "MONEX INSIGHT" in late April 2013. Prior to the official release, Monex, Inc. clients will have access to a beta version of this new service starting on April 4, 2013. (\*1) (\*2)

MONEX INSIGHT will be jointly developed by Monex, Inc. and its U.S. group companies, TradeStation Securities, Inc. and TradeStation Technologies, Inc. (collectively, "TradeStation") for Monex, Inc.'s clients in Japan.

- (\*1) The April 4, 2013 launch of the beta version of MONEX INSIGHT will include limited operational resources and support and is intended to give clients a chance to experience this new service prior to its official release.
- (\*2) Monex Inc.'s clients will be able to continue using Monex, Inc.'s current market information service for about a month after the official launch of MONEX INSIGHT, scheduled for late April 2013.

Developing new market information service internally through collaboration between Monex, Inc. and award-winning trading technology provider TradeStation

TradeStation received top ratings in six major categories in the 2013 annual *Technical Analysis of Stocks and Commodities* (TASC) Readers' Choice Awards, including Best Online Analytical Platform and Best Real-Time Data. In the March 2013 *Barron's* magazine review of 24 online brokers, TradeStation was ranked Best for Frequent Traders, and also received the highest ratings in two other categories, Trading Experience and Technology, and International Traders.

MONEX INSIGHT has been jointly developed by Monex, Inc. and TradeStation, its U.S. group companies, for Monex, Inc.'s clients in Japan, using TradeStation's award-winning technology running in Monex's Tokyo data center.

"MONEX INSIGHT," as outlined in Monex's "Global Vision," is part of Monex, Inc.'s effort to further develop its internal market information systems to better and more quickly meet its clients' demand for accurate, timely market data.

### Screenshots of "MONEX INSIGHT" (beta version) (\*3)

Key Features of MONEX INSIGHT include the following:

- 1) Dramatically improved graphic representation of market direction as well as magnitude of price change for the trading day.
- 2) Improved graphic representation of corporate data analysis, including fundamental data.
- 3) New and improved "Market Boards" featuring:
  - Available for registration of over 1,000 symbols.
  - Real-time price feeds on registered symbols.
  - User-friendly features such as drag-and-drop functionality, data sorting and incremental search capabilities.
  - Market depth viewer.
